

DISCOVER THE POWER OF
DIGITAL LEARNING

The dynamic online learning system
for teachers and students

PUTTING TEACHERS IN CONTROL WITH A DIGITAL APPROACH

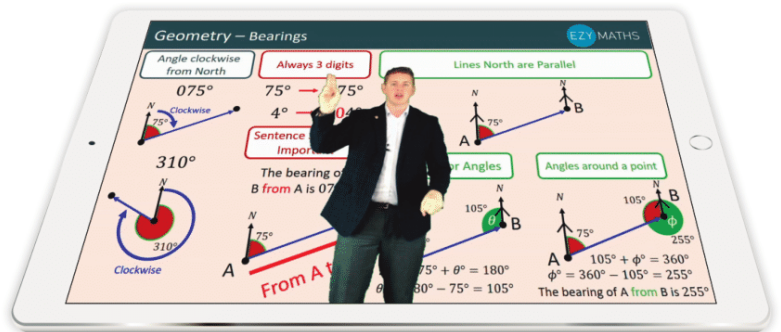

THE EZYEDUCATION CLOUD PROVIDES A GAME-CHANGING OPPORTUNITY FOR TEACHERS.

Teacher-Directed Learning Clouds put teachers first.

They are designed to perform time-consuming teaching tasks so that teachers can focus more time on skills development and personalised interventions.

It is just like recruiting your own classroom assistant, but at a fraction of the cost.

Ready-made digital resources

No need for manual data input

Automated marking and record keeping

Detailed post question formative feedback provided automatically

Can reduce time devoted to content delivery

Time savings contribute to a sharper focus on skills development

SAVES TIME

GREATER CONTROL

Easy access to activity records

Records and reports that support management of inactivity

Highly accessible digital records available anytime and anyplace

Options to share records with parents and colleagues

Every answer to every question is recorded

Identify and fill personal learning gaps faster
